From Malibongwe Drive

Travel along Malibongwe drive with Randburg behind you.

Pass Kyasands Industrial area, continue past Cosmo city

You will pass Cosmo shopping mall on your right and a BP petrol station on your left.

Pass through this intersection (robots). After these robots you will travel downhill and as

you go halfway up the hill there is another set of robots at which you should turn right towards Cosmo city business park and Lion pride development.

Go past the business park entrance and continue on to the dirt road which will bend to the right, continue to the T-junction where you need to turn left into Rietvallei road, keep on going straight, we are about 1 kilometer further along on the right hand side. The property has a grey brick wall around it.

Please note that if you follow google maps or use the Gps Co-ordinates you will be directed along a strange route!

FROM FOURWAYS

Travel along Cedar Road passing Broadacres shopping centre on your left. At the first robot after Broadacres turn left into 3rd Road. Travel through a few stop streets and eventually across a bridge and up a hill. At the top of the hill the tar ends. Turn right into Hood Road, turn first left into Watercombe Road and then take the first road which forks to the right. Follow this road which will bend to the left, for about 2 kilometers, and you will see us on the left hand side.
